Dear Tom:

Enclosed is a small batch of letterhead which Linda and I give to you as a small thank-you for the counsel and friendship you have provided these recent months, though I am by no means sure how often such letterhead will be of use to you! But here it is, and if possible uses present themselves, then you will have it at hand. Otherwise it will be useful in building a warmer and hotter fire.

Your booklet progresses nicely. Some type had to be set for it--I am proof reading the galleys this afternoon. Should have copies of the finished product in a week or two--should be very exciting.

I assume I have sent one or more copies already of Thich Chi Mai's last words, but if so, perhaps you can use an extra copy. In any event, one is enclosed.

Much love,

Jim Forest
