THOMAS MERTON

'It is a rare pleasure to read an autobiography with a pattern and meaning valid for all of us. *The Seven Storey Mountain* is a book one reads with a pencil so as to make it one's own.'

The only complete and unedited edition published outside the United States of Thomas Merton's great autobiography, long recognized as a modern classic. It is now published for the first time illustrated with photographs of his early life. Reviews of the abridged edition :

'I regard this as a book which may well prove to be of permanent interest in the history of religious experience. No one can afford to neglect this clear account of a complex religious process.'

*Evelyn Waugh*

'One of the only books about the life of the spirit which is at once in modern slang and flattering to contemporary intelligence . . . a direct and moving personal story . . . modern and very good.'

*John Betjeman*

'A remarkable book, perhaps a classic of its kind, written in a vivid, rich and alert style which ranges from crisp vernacular to passionate eloquence, full of picturesque incident and passing at times into religious ecstasy.'
