

ABBAY OF GETHSEMANI  
TRAPPIST, KENTUCKY

Feb 21, 1912.

Dear Graham.

I think I will offer the whole of the letter to "Cross Currents" and see what they say + do about it. Meanwhile however if you want to print the last part in "Good Work" that is fine - but let us wait + see if that is agreeable to whoever prints the whole text. I see no reason why the whole text should not be in one magazine + a part in "Good Work" - if that is satisfactory to you.

Anyway I am glad you like it. Certainly I felt it had to be said. It is being printed in "Sun" (Provencher's) + in a Central American magazine. P.A. Canada is the author of some interesting poems + is a student of Neolithic art + archeology. Did you ever see the translations I did from him? They were with the Sengul's dialogue which I must have sent you.

About Doria Luson, I often think of her - I want to write her another letter -  
mainly to ask if AKC left any appointments or studies on the full meaning of  
Dharma. I am sure he must have, & indeed I think I already have a note or two  
from him about it. Can you think of anything special?

Please give her my regards. I want to lend you the little story I did  
on Clement of Alexandria, and Hagia Sophia, which V. Hammer is now printing.

Very cordially yours in Christ

Tom Weston

About 1963 - well, we can always pray it might be possible. Remind me when the  
time gets near!
